Wine Psi Phi was founded March 2, 1959 at Howard University. Its founders are Roy Brown and John Mason, and they strived to bring young men together without carrying the fictitious title Black Greek. They stood firm that the Greeks were not the authors of philosophy nor the originators of civilization, but that Egypt was the cradle of that knowledge and wisdom, thus began Wine Psi Phi.

We at Wine Psi Phi want to reunite the lost and wandering minds back to Earthly Understanding. "IDGAF"

# Students At Work

No matter how much financial support students receive from family and friends, every little bit helps, whether for school needs or personal supplies. Many of our Viking student body choose another option as they move toward financial independence, jobs after school hours. Keep up the GOOD WORK!!

Who says work at Farm Fresh isn't fun?

Whether day or night, McDonald's is a great place to dine.
